

### List of publications of V.V. Starkov

1. Starkov V. V. Refutation of a subordination conjecture for starlike functions. Proc. of the Academy of Sciences of the USSR, 1974, V. 214, no. 1, pp. 52–55.
2. Starkov V. V. On subclasses  $S_\alpha$  univalent functions. *Vestnik Leningradskogo Universiteta* [Leningrad University Bulletin], 1978, no. 7, pp. 82–87.
3. Starkov V. V. Concerning extreme problems in Bazilevič class. *Vestnik Leningradskogo Universiteta* [Leningrad University Bulletin], 1978, no. 19, pp. 83–88.
4. Starkov V. V. On a property of functions of the Bazilevič class. *Vestnik Leningradskogo Universiteta* [Leningrad University Bulletin], 1979, no. 1, pp. 84–87.
5. Lebedev N. A., Starkov V. V. Concerning extrema problems in Bazilevič class. *Vestnik Leningradskogo Universiteta* [Leningrad University Bulletin], 1979, p.19.
6. Starkov V. V. On some subclasses of linearly invariant families. *Dep. VINITI*, 1981, no. 3341, 46 p. (in Russian).
7. Starkov V. V. On the problem of coefficients in  $U^t$ . *Dep. VINITI*, 1982, no. 972, 21 p. (in Russian).
8. Starkov V. V. On some linearly invariant families of functions. *Russian Mathematics*, 1983, no. 5, pp. 82–85.
9. Starkov V. V., Sisun V. I. On one problem in plasma theory. Interuniversity collection of works “Probability problems of applied mathematics”. Petrozavodsk University, 1984, pp. 74–82 (in Russian).
10. Starkov V. V. On an estimation of coefficients in the class  $U^t$  univalent functions. *Vestnik Leningradskogo Universiteta* [Leningrad University Bulletin], 1984, no. 13, pp. 48–54.
11. Starkov V. V. On some inequalities for coefficients of functions from certain linear-invariant families. Proc. of the Academy of Sciences of Bulgaria, 1984, V. 37, no. 8, pp. 999–1002 (in Russian).
12. Starkov V. V. Regularity theorem in universal linear-invariants families of functions. Proc. of the International Conf. on Constructive Theory of Function, Varna, 1984, pp. 76–79 (in Russian).
13. Starkov V. V. Regularity theorems for universal linear-invariants families of functions. *Mathematics Journal of Bulgaria SERDIKA*, 1985, V. 11, pp. 299–318 (in Russian).
14. Dimkov G., Starkov V. V. On a linearly-invariant family which generalizes the class of close-to-convex functions. Proc. of the Academy of Sciences of Bulgaria, 1985, V. 38, no. 8, pp. 967–968 (in French).
15. Starkov V. V., Andreev V. V. On univalent functions that locally maximize the moduli of two coefficients. Proc. of the Academy of Sciences of the USSR, 1986, V. 287, pp. 804–805.

16. Starkov V. V. On properties of univalent functions yielding maximum of two real functional. Proc. of the 3<sup>rd</sup> International Conference "Complex Analysis and Appl." Varna, 1985.
17. Starkov V. V., Chernikov A. N. Coefficients estimates in universal linear-invariant family of order  $\alpha$ . *Voprosi funkcionalnogo analiza* [Issues of Functional Analysis], Petrozavodsk State University, 1992, pp. 56–59 (in Russian).
18. Starkov V. V., On bounded univalent functions yielding local extremum of two coefficients. *Matematicki vestnik* [Mathematics Bulletin] (the 3<sup>rd</sup> International Symposium - Complex Analysis and Appl. Yugoslavia), 1988, pp. 327–335 (in Russian).
19. Dimkov G. M., Starkov V. V. On some generalization close-to-convex functions. *Studia Mathematica*, Bulgaria PLISKA, 1989, V. 10, pp. 62–76 (in Russian).
20. Starkov V. V. Univalent functions that are local extrema of two real functional. *Studia Mathematica* Bulgaria PLISKA, 1989, V. 10, pp. 16–26.
21. Starkov V. V. Directions of intensive growth of locally univalent functions. Proc. of the International Conference "Complex Analysis and Applications '87", Sofia, 1987, pp. 517–522.
22. Dimkov G., Starkov V. V. On certain linear-invariant families with Stiltjes representation involving complex measures. *X Konferencja szkolenowaz teorii zagadnien ekstremalnych*, Uniwersytet Lodzki, 1990, pp. 102–108.
23. Starkov V. V. Równowazne definicje uniwersalnych liniowo-niezmenicznych rodzin. *XI Konferencja szkolenowaz teorii zagadnien ekstremalnych*, Uniwersytet Lodzki, 1991, pp. 34–38 (in Polish).
24. Starkov V. V. Bounded univalent functions realizing the extrema of two coefficients functionals at a time. *XI Konferencja szkolenowaz teorii zagadnien ekstremalnych*, Uniwersytet Lodzki, 1991, pp. 31–33.
25. Godula J., Starkov V. V. On Jakubowski functional<sup>a</sup> in  $U^*$ . *Folia Scientiarum Univ. Tech. Resoviensis. Math*, 1989, V. 60, pp.37–43.
26. Godula J., Starkov V. V. On the Jakubowski's functional in a linearly invariant family. *Folia Scientiarum Univ. Tech. Resoviensis, Math*, 1990, V. 73, pp. 19–27.
27. Dimkov G., Starkov V. V. The problem of coefficients of the locally univalent functions of certain class. *Annales Universitatis Mariae-Curie-Sklodowska*, Lublin. Sect. A, 1988, V. XLII, no. 2, pp. 9–15.
28. Lewandowski Z., Starkov V. V. On meromorphic and univalent functions yielding local maxima of two coefficients. *Folia Scientiarum Univ. Tech. Resoviensis. Math*, 1990, no. 9, pp. 9–17.
29. Godula J., Starkov V. V. Logarithmic coefficients of locally univalent functions. *Annales Univ. M.-Curie-Sklodowska*, Lublin. Sect. A, 1989, V. XLIII, no. 2. pp. 9–13.
30. Jakubowski Z., Starkov V. V. On some generalization of the well-known class of bounded univalent functions. *Annales Univ. M.-Curie-Sklodowska*, Lublin.

- Sect. A, 1991, V. XLY, no. 7, pp. 45–57.
31. Starkov V. V. Harmonic locally quasiconformal mappings. *Trudy Petrozavodskogo Gosudarstvennogo Universiteta (Matematika)* [Proc. of Petrozavodsk State University], V. 1, 1993, pp. 61–69 (in Russian).
  32. Godula J., Starkov V. V. Möbius invariant families of functions holomorphic in the unit polydisk. Proc. of the 11<sup>th</sup> International Conf. “Analytic Functions and Appl.”, Warsaw, 1994, pp. 25–26.
  33. Starkov V. V. Harmonic locally quasiconformal mappings. Harmonic Bloch functions. Proc. of the 11<sup>th</sup> International Conf. “Analytic Functions and Appl.”, Warsaw, 1994. p. 62.
  34. Godula J., Starkov V. V. Estimates of constants connected with linearly invariant families of functions. *Annales Univ. M.-Curie-Sklodowska*, Lublin. Sect. A, 1994, Sec. A, V. XLYIII, pp. 43–51.
  35. Godula J., Starkov V. V. Möbius invariant families of functions holomorphic in the unit polydisk. Banach Center Publ., Warsaw, 1996, V. 40, pp. 117–130.
  36. Godula J., Starkov V. V. Regularity theorem in linear-invariants families in polidisk. *Russian Mathematics*, 1995, no. 8, pp. 21–34.
  37. Starkov V. V. Harmonic locally quasiconformal mappings. *Annales Univ. M.-Curie-Sklodowska*, Lublin. Sect. A, 1995, V. 49, pp. 183–197.
  38. Godula J., Starkov V. V. Applications of ideas of Möbius invariability to obtaining equivalent definitions of Bloch functions. *Annales Univ. M.-Curie-Sklodowska*, Lublin. Sect. A, 1995, V. 49, pp. 41–58.
  39. Godula J., Starkov V. V. On Bloch functions and univalence of the integral of  $(h^t)^\lambda$ . the 16<sup>th</sup> Rolf Nevanlinna Colloquium. Eds.: Laine/Martio, Walter de Gruyter & Co., Berlin, New York, 1996, pp. 31–37.
  40. Kaiumov I. R., Starkov V. V. Estimates for logarithmic coefficients of locally univalent functions. The 16<sup>th</sup> Rolf Nevanlinna Colloquium, Eds.: Laine/Martio, Walter de Gruyter & Co., Berlin, New York, 1996, pp. 239–245.
  41. Godula J., Starkov V. V. On regularity theorem for linear invariant families of analytic functions in the polydisc, II. *Annales Univ. M.-Curie-Sklodowska*, Lublin. Sect. A, 1998, V. 52, no. 1, pp. 15–24.
  42. Starkov V. V. The circles of univalence of harmonic locally quasiconformal mappings and harmonic Bloch functions. *Siberian Math. J.*, 1997, V. 38, no. 4, pp. 915–924.
  43. Godula J., Starkov V. V. Linearly invariant families. *Trudy Petrozavodskogo Gosudarstvennogo Universiteta (Matematika)* [Proc. of Petrozavodsk State University], 1998, V. 5, pp. 3–96 (in Russian).
  44. Godula J., Starkov V. V. Sharpness of certain Campbell and Pommerenke estimates. *Mathematical Notes*, 1998, V. 63, no. 5, pp. 665–672.
  45. Godula J., Starkov V. V. Linearly invariant families of harmonic locally quasiconformal mappings. *Trudy Petrozavodskogo Gosudarstvennogo Universiteta (Matematika)* [Proc. of Petrozavodsk State University], 1997, V. 4, pp. 50–62.

46. Godula J., Starkov V. V. On regularity theorems for linearly invariant families of analytic functions in the unit polydisk. *Russian Mathematics*. 1999, no. 3, pp.75–79.
47. Starkov V. V. Twierdzenia o regularnoscy dla liniowo-niezmennicznych rodzin funkcij. *Sesja naukowa z okazji 70-lecia urodzin prof. Z. Lewandowskiego*. Lublin, UMCS, 1999, p. 16 (in Polish).
48. Godula J., Liczberski P., Starkov V.V.. Linearly invariant family of mappings in  $C^n$ . *Trudy Petrozavodskogo Gosudarstvennogo Universiteta (Matematika)* [Proc. of Petrozavodsk State University (Mathematics)], 1999, V. 6, pp. 3–14 (in Russian).
49. Starkov V. V. Integral means of derivatives of locally univalent Bloch functions. *Annales Univ. M.-Curie-Sklodowska*, Lublin. Sect. A, 1999, V. 53, pp. 217–237.
50. Godula J., Starkov V. V. On regularity theorem for linear invariant families of analytic functions in the polydisc. Proc. of the third CMFT Conference: Computational Methods and Function Theory. 13–17 October, 1997, Nikosia, Cyprus, World Scientific, pp. 241–257.
51. Godula J., Starkov V. V. Linearly invariant families of analytic functions in polydisk. *Trudy Petrozavodskogo Gosudarstvennogo Universiteta (Matematika)* [Proc. of Petrozavodsk State University (Mathematics)], 1995, V.2, pp. 11–18 (in Russian).
52. Godula J., Starkov V. V. On Bloch functions and univalence of the integral of  $(h^t)'$ . *Trudy Petrozavodskogo Gosudarstvennogo Universiteta (Matematika)* [Proc. of Petrozavodsk State University (Mathematics)], 1996, V.4, pp. 28–37 (in Russian).
53. Godula J., Starkov V. V. Using linear invariance idea for obtaining of equivalent definitions of Bloch functions. Abstracts of the 7<sup>th</sup> Saratov Winter School “Modern problems of functions theory and applications”, Saratov, 1994, V. 2, pp. 113–117 (in Russian).
54. Kajumow I.R., Starkov V. V. Estimations of logarithmic coefficients of locally univalent functions. *Trudy Petrozavodskogo Gosudarstvennogo Universiteta (Matematika)* [Proc. of Petrozavodsk State University (Mathematics)], 1996, V.4, pp. 88–97 (in Russian).
55. Starkov V.V. Linear invariant families of functions. Author’s abstract of Doctoral Thesis, 1999. Petrozavodsk State University, 30 p.
56. Godula J., Starkov V. V. On angular behaviour of functions analytic in the unit disc. XVIII Rolf Newanlinna Colloquium, University of Helsinki, Finland, 2000, p. 82.
57. Liczberski P., Starkov V. V. Linearly invariant families of holomorphic mappings of the ball, transition to a smaller dimension. The 9<sup>th</sup> Summer St. Petersburg Meeting on Math Analysis. St. Petersburg, 2000, p. 18.
58. Starkov V.V. Integral means for derivatives of locally univalent Boch functions. *Trudy Petrozavodskogo Gosudarstvennogo Universiteta (Matematika)*

- [Proc. of Petrozavodsk State University (Mathematics)], 2000, V.7, pp. 93–104.
